SUMMARY

Backend developer skilled in building secure and scalable systems using Spring Boot, Keycloak, and OAuth2. Experienced in integrating AI/ML components including OCR pipelines and LLM-based services.

PROJECTS

CheckMate | OCR, LLM 🔄 checkmate-backend Jan 2026 – Present

- AI-assisted handwritten answer sheet evaluation system integrating OCR pipelines and LLM-based semantic grading.
- Implemented ML-based character recognition to extract structured text from scanned handwritten documents.
- Built backend services in Spring Boot to manage document ingestion, evaluation workflows, and grading outputs.
- Designed a confidence-based fallback mechanism to route low-certainty OCR outputs for manual examiner review.

Evtera-QR | Keycloak, OAuth2, QR Authentication 🔄 eventra-QR Nov – Dec 2025

- Backend system for QR-based ticket generation and validation for event access control.
- Implemented role-based access control (RBAC) with Keycloak using OAuth2/OpenID Connect.
- Designed RESTful APIs with Spring Boot for ticket issuance, validation, and user management.
- Implemented idempotent QR scan validation to prevent duplicate entry attempts during high-concurrency event access.

BiteHub (EKK Stack) | Elasticsearch, Kibana, Keycloak 🔄 bite-hub-EKK Aug – Oct 2025

- Restaurant discovery and review platform using the EKK stack (Elasticsearch, Kibana, Keycloak).
- Implemented Elasticsearch indexing and full-text search for efficient retrieval and filtering of restaurant data.
- Configured Kibana dashboards for real-time analytics and activity visualization.
- Integrated Keycloak authentication for secure user and role management.

ACHIEVEMENTS

- **LeetCode:** Rating 1665 | 488 DSA problems solved (123 Easy, 318 Medium, 48 Hard) [leetcode/Kartik__2723](#)
- **CodeChef:** 3★ rated | Rating 1605 [codechef/ogsc](#)
- **Total Problems Solved (Codolio):** 550+ across coding platforms [codolio/Kar.tik__2723](#)
- **Contests:** 27 total (LeetCode: 19, CodeChef: 8)
- **Consistency:** 116-day max streak | 778 submissions
- **AWS Certifications:**
 - AWS AI Practitioner [View Certificate ↗](#)
 - AWS Cloud Practitioner [View Certificate ↗](#)

EDUCATION

Bachelor of Technology in Computer Science CGPA: 8 Oct 2023 – Jul 2027
KIET Group of Institutions Ghaziabad, India

High School Education (Class 12) Percentage: 85.8% Aug 2021 – Jul 2023
St Mary's Inter College Etawah, Uttar Pradesh, India

Intermediate Education (Class 10) Percentage: 92% Aug 2009 – Jul 2021
St Mary's Inter College Etawah, Uttar Pradesh, India

TECHNICAL SKILLS

- **Languages:** Java
- **Backend & Frameworks:** Spring Boot, REST APIs, Hibernate, Maven, LLM Integration, OCR Pipelines
- **Search & Data:** Elasticsearch, Kibana, MySQL, Redis
- **Security & Auth:** Keycloak, OAuth2, OpenID Connect, RBAC, JWT
- **Tools & DevOps:** Git, Docker, Postman, Linux, IntelliJ IDEA
