EDUCATION

KIET Group of Institutions, AKTU

CGPA: 8.0

St. Mary's Convent Inter College, Lucknow

Percentage: 87.25%

St. Mary's Convent Inter College, Lucknow

Percentage: 90.6%

B.Tech

(2023 - 2027)

ISC (Class XII)

(2021 - 2022)

ICSE (Class X)

(2019-2020)

TECHNICAL SKILLS

Programming Languages/Tools: Java, Python, SQL, Git, GitHub.

Technologies and Frameworks/Libraries: Scikit-Learn, Flask, FastAPI, Docker, CI/CD (GitHub Actions).

Technical Skills/Coursework: Data Structures and Algorithms, Object-Oriented Programming, Machine Learning, NLP.

Cloud: AWS (Elastic Beanstalk, EC2).

Certifications: [AWS Certified Cloud Practitioner](#), [AWS Certified AI Practitioner](#), NPTEL Data Science for Engineers, NPTEL Design and Analysis of Algorithm, NPTEL Programming in Java.

PROJECTS

- **Customer Churn & Salary Prediction** — - Python, ANN, TensorFlow/Keras, Scikit-learn, Streamlit [GitHub](#)
 - Built an end-to-end **ML web app** to predict customer churn (classification) and salary (regression) using **Artificial Neural Networks (ANN)**.
 - Trained models with **TensorFlow/Keras**, using **sigmoid activation** (churn) and linear output (salary) with optimized loss functions.
 - Performed data preprocessing including **encoding** and **feature scaling**, improving model performance and reliability.
 - Deployed an interactive **Streamlit** app on Streamlit Cloud for real-time predictions with integrated trained models (.h5, .pkl).
- **Kindle Review Sentiment Analysis** - Python, NLTK, Scikit-learn [GitHub](#)
 - Built a **sentiment classification** model on Kindle reviews using **Bag of Words** and **TF-IDF** features.
 - Performed **NLP** text preprocessing including **tokenization**, **stopword removal**, and **lemmatization** to clean raw text data.
 - Trained and evaluated a **Gaussian Naive Bayes** model for sentiment prediction.
 - Improved model performance through **feature extraction** techniques and data cleaning.
- **Student Performance Prediction** — Python, Scikit-learn, Flask, Docker, AWS Elastic Beanstalk [GitHub](#)
 - Built an end-to-end **ML web application** to predict student performance using demographic and academic features.
 - Developed a preprocessing + prediction **pipeline** with **feature transformation** and model inference.
 - Containerized the application using **Docker** and deployed on **AWS Elastic Beanstalk** (EC2 + Gunicorn).
 - Handled real-world deployment issues including Gunicorn timeouts, memory limits, and cross-OS path errors.
- **Flask ML Prediction App** - Python, Scikit-learn, Flask, AWS Elastic Beanstalk [GitHub](#)
 - Developed a **Flask**-based web application to generate predictions using a pre-trained **Machine Learning** model.
 - Integrated **StandardScaler** preprocessing and loaded serialized model artifacts (.pkl) for real-time inference.
 - Designed a simple user interface to capture inputs and display **prediction** results dynamically.
 - Deployed on **AWS Elastic Beanstalk** (EC2 + Nginx + Gunicorn) ensuring scalable and reliable access.

ACHIEVEMENTS

- Achieved a maximum rating of **1769** on LeetCode (**Top 13.16%**), demonstrating strong problem-solving skills.
- Solved **595+** problems on LeetCode, showcasing proficiency in data structures and algorithms.
- Solved around **700** problems across all coding platforms, reflecting extensive practice and exposure.
- Participated in **41+** LeetCode contests, demonstrating consistency and competitive coding experience.
- Secured **1st position** in a Department-Level Aptitude Test, demonstrating strong logical reasoning and analytical ability.

POSITIONS OF RESPONSIBILITY

- **Head Coordinator of CP Byte**, for AY 2025–26.
 - Led the coding society's DSA wing, managing initiatives, events, and student mentorship.
 - Spearheaded coding events and peer-learning activities, strengthening the community's technical culture.
- **DSA Coordinator of CP Byte**, for AY 2024–25.
 - Mentored **100+** students in the field of Data Structures and Algorithms.
 - Organized and taught in **workshops and exhibitions**, expanding the society within the college.
