Education

B.Tech in Computer Science - CGPA: 7.5/10

KIET Group of Institutions

2023 – 2027

Ghaziabad, UP

Jai Academy

Senior Secondary (Class XII)

2022

Jai Academy

Secondary (Class X)

2020

Technical Exposure & Learning

- Hands-on experience in building full-stack web applications using the MERN stack.
- Worked extensively with RESTful APIs, authentication mechanisms, and CRUD operations.
- Designed and managed databases using MongoDB and MySQL.
- Followed Git-based version control practices using GitHub.
- Practiced problem-solving through coding platforms and academic projects.

Projects

Bank Management System

Sep 2025 – Jan 2026

Tech Stack: MongoDB, Express.js, React.js, Node.js

Team Size: 4 — Role: Full Stack Developer

- Developed a full-stack bank management web application.
- Implemented secure user authentication using JWT and bcrypt.
- Built features for account creation, balance inquiry, deposit, and withdrawal.
- Designed MongoDB schemas for users, accounts, and transactions.
- Created RESTful APIs and integrated frontend using Axios.

Inventory Management System

March 2025 – July 2025

Tech Stack: React.js, Node.js, Express.js, MySQL

- Developed a web-based inventory management system for tracking products and stock.
- Implemented CRUD operations for products and inventory control.
- Designed relational MySQL database schemas.
- Built RESTful APIs for backend functionality.
- Created a responsive dashboard using React.

Online Appointment Booking System

Oct 2024 – Jan 2025

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Built a full-stack appointment booking application for service-based businesses.
- Implemented user authentication and role-based access.
- Enabled appointment booking, cancellation, and status tracking.
- Stored user and appointment data in MongoDB.
- Integrated frontend and backend using REST APIs.

Version Control & Collaboration

- Regular use of Git (commit, push, pull) and GitHub repositories.
- Reviewed public JavaScript and MERN repositories to learn coding practices.

Certifications & Workshops

- | | |
|---|-------------------|
| • AWS Certified Cloud Practitioner | 2025 (2 Months) |
| • Participant – Innotech 2025 Hackathon, KIET Group of Institutions | 2025 (2 Days) |
| • Be10x – AI Tools Workshop | 2024 (1 Week) |
| • HackerRank – SQL (Basic) Certificate | 2024 (Self-paced) |
| • Oracle – Database Programming with SQL | 2024 (6 Weeks) |
| • Palo Alto Networks – Cybersecurity Fundamentals | 2023 (8 Weeks) |
| • TCS iON – Career Edge (Young Professional) | 2023 (15 Weeks) |

- Infosys Springboard – Programming Fundamentals
- Google – Fundamentals of Digital Marketing

2023 (Self-paced)
2022 (4 Weeks)
